

Formula for calculating your GPA from letter grades:

Calculate your cumulative GPA (CGPA) as a weighted average out of 4.0, as follows:

$$\text{CGPA} = \frac{\sum_{\text{All courses}} \text{Number of credits for course} \times \text{score obtained in course}}{\sum_{\text{All courses}} \text{Number of credits for course}}$$

**If your transcript provides a table for converting your grades to numerical scores, please use that table.**
