The applicants have various backgrounds and preparation when accepted into this program. To gain admission, applicants are not required to have any GIS or remote sensing background. However, before a student can start the program, he/she needs to meet the prerequisite requirement: a background in GIS and remote sensing.

I have taken the required prerequisite(s) for this program. Yes No

If yes, please specify:

Introductory Course in GIS and/or Remote Sensing*

Practical/Field Experience (please attach verification to this form)

*These prerequisite courses (GEOG579 and GEOG579B) are offered online by the MPS GIS program during the summer proceeding the fall term when the program starts. You can either take these prerequisite courses here in the University of Maryland or the equivalent courses in other institutions. The prerequisite courses do not count toward the degree.
