Looking for Job or Internship Opportunities Outside of the US?

UMD subscribes to GoinGlobal an online job search tool for students that is useful to international students and US students.

This free resource includes career guides for more than 90 US and international locations, listings of US and international internship opportunities, a comprehensive database of worldwide employers and information about US employers seeking to hire international talent. Learn more by watching the short introductory video or sign up for a free more extensive online training session for students.

Contemplating a Postdoc After Finishing Your PhD?

Not sure if and why you might consider a postdoc position? What exactly is a postdoc position like? Check out graduate student career planning resources from the National Postdoctoral Association. Articles on the site include, The Current State of the Postdoc Experience and Finding the "Perfect Postdoc" for You. You should also review the UMD Office of Postdoctoral Affairs website.
Career & Professional Development Resources & Tools

The following professional development resources and career exploration and job search tools are available to doctoral students and postdocs. They are available 24/7 and free of charge.

GoinGlobal is available inside of your Careers4Terps account. It is useful for PhDs searching for jobs outside of the US and contains career guides for 90 locations, international job and internship postings database, and information about employers hiring international students. Watch the instructional videos to get started. Schedule a follow up appointment through C4T to discuss your job search.

If you are preparing for an academic career, TLTC programs and services should be a part of your professional development plan! The TLTC provides faculty, students, and staff with training, resources, professional development activities, and individualized consultation to transform their classrooms and careers. Attend their teaching portfolio and teaching philosophy statements in preparation for starting your search for a faculty position.

Not sure what you want to do with your PhD? ImaginePhD is a career exploration and planning tool developed specifically for Arts and Humanities and Social Sciences PhDs. Take the online assessments and explore 16 career families. Schedule an appointment through C4T with Dr. Susan Martin to discuss your results and effective strategies for exploring careers that are aligned with your interests and skills.
STEM PhDs can use this tool to explore science careers outside of academia and create an Individual Development Plan. Schedule an appointment through C4T with Dr. Susan Martin to discuss your results and effective strategies for exploring careers that are aligned with your interests and skills.

ChemIDP is an Individual Development Plan tool designed specifically for graduate students and postdoctoral scholars in the chemical sciences. Learn more. Take the assessments and schedule an appointment through C4T with Dr. Susan Martin to discuss your results and effective strategies for exploring careers that are aligned with your interests and skills.

Thinking about non-academic careers? The University of Maryland subscribes to a resource that demystifies non-academic careers and reveals many professions that can utilize the skills you are developing in graduate school. This resource contains real life examples of the resumes, CVs and cover letters of Humanities, Social Science and STEM PhDs and their story about how they landed their job outside of academia. Learn more
