

PHD CAREER & PROFESSIONAL DEVELOPMENT UPDATES

A bi-weekly supplement to the Campus-Wide Career E-Newsletter, specifically for Current PhD students and Postdocs. Contact Dr. Susan Martin, smart18@umd.edu for more information about this content.

Issue Date: August 18, 2017

Welcome to the 2017-2018 academic year PhD students!

The doctoral experience and the completion of a PhD from Maryland prepares graduates for highly successful careers and leadership roles in academia, private industry, the nonprofit sector, and government agencies. As the new academic year begins, the staff in The Graduate School and The University Career Center & The President's Promise challenge you to devote a small amount of time each week to your professional and career development. Engage in the opportunities offered by your program and available across

the university. Take an hour to attend a departmental talk or alumni panel. Participate in a workshop to improve your resume or explore possible career options. Learn from employers at the many upcoming networking events, panels, information sessions and career fairs. We look forward to working with you to clarify and reach all of your career and professional goals. - Dr. Susan Martin, Program Director

DID YOU KNOW?

Comprehensive career services and professional development opportunities are available to PhD students at all stages of study!

- **Doctoral students in all disciplines can access career and professional development events and services offered by [The Graduate School](#) in collaboration with the [University Career Center & The President's Promise](#).**
- **Those in The A. J. Clark School of Engineering can access walk-in career advice as well as workshops and career events through [Engineering Career Services](#).**
- **[The Robert H. Smith School's Office of Career Services](#), and the [School of Public Policy Career Services](#) provide similar services to doctoral students in their programs.**

**Take 5 Minutes Today to Activate or Update
Your [Careers4Terps \(C4T\)](#) Account Information!**

All new and returning doctoral students already have a free C4T account through the career center. This easy-to-use tool provides access to on-line career resources and thousands of job postings. New doc students must activate their account to be able to schedule individual career advising appointments and to register for upcoming PhD career workshops and events. Returning students should update their profile information including anticipated graduation date, job and industry interests and geographical preferences.
