## Resources & Tools

### [Careers4Terps YouTube Video Tutorials](#)

Learn the basics of how to use C4T to schedule career advising appointments, search and apply for jobs, access the Vault online career library, and use Interview Stream to practice typical interview questions. PhDs and postdocs already have a FREE account—simply complete or update your profile to activate your account.

## CIRTL Network Workshops and Courses Create Your Free Account Today!

If you are preparing for an academic career check out CIRTL! Consortium universities offer FREE ONLINE professional development training for graduate students and faculty related to implementing and advancing effective teaching practices for diverse student audiences. Learn more about teaching careers, mentoring, research methods, and teaching and assessment best practices.

GoinGlobal is available inside of your Careers4Terps account. It is useful for PhDs searching for jobs outside of the US and contains career guides for 90 locations, international job and internship postings database, and information about employers hiring international students. Watch the instructional videos to get started. Schedule a follow up appointment through C4T to discuss your job search.

If you are preparing for an academic career, TLTC programs and services should be a part of your professional development plan! The TLTC provides faculty, students, and staff with training, resources, professional development activities, and individualized consultation to transform their classrooms and careers. Attend their teaching portfolio and teaching philosophy statements in preparation for starting your search for a faculty position.

Not sure what you want to do with your PhD? ImaginePhD is a career exploration and planning tool developed specifically for Arts and Humanities and Social Sciences PhDs. Take the online assessments and explore 16 career families. Schedule an appointment through C4T with Dr. Susan Martin to discuss your results and effective strategies for exploring careers that are aligned with your interests and skills.

STEM PhDs can use this tool to explore science careers outside of academia and create an Individual Development Plan. Schedule an appointment through C4T with Dr. Susan Martin to discuss your results and effective strategies for exploring careers that are aligned with your interests and skills.

ChemIDP is an Individual Development Plan tool designed specifically for graduate students and postdoctoral scholars in the chemical sciences. [Learn](#)

[more](#). Take the assessments and schedule an appointment through C4T with Dr. Susan Martin to discuss your results and effective strategies for exploring careers that are aligned with your interests and skills.

Thinking about non-academic careers? The University of Maryland subscribes to a resource that demystifies non-academic careers and reveals many professions that can utilize the skills you are developing in graduate school. This resource contains real life examples of the resumes, CVs and cover letters of Humanities, Social Science and STEM PhDs and their story about how they landed their job outside of academia.
